Upson Drive
Water & Sewer Improvements
Community Briefing
May 15, 2020

Project Overview

- El Paso Water will replace aging water and wastewater lines along Upson Drive in historic Sunset Heights neighborhood.
  - 4,300 feet of water line
  - 2,200 feet of wastewater line
- The project will improve water and wastewater service to roughly 100 homes.
- This will increase the reliability and resiliency of the system.
Project Details

- Project Area: Upson Drive – Prospect to Helsig
