Statement of Qualifications for
ON-CALL PROFESSIONAL ENGINEERING SERVICES FOR
WASTEWATER TREATMENT PLANTS - RFQ 76-22

A. MINIMUM QUALIFICATIONS (Fail if not met, Pass if met)

The proposed Firms shall comply with the following qualifications:

- a. The team shall include a full-time Registered Professional Engineer, licensed in the state of Texas, with a minimum of eight (8) years of verifiable experience in wastewater treatment plant evaluation, design, construction and permitting.

NAME	TX LICENSE NO.	FIRM	YEARS OF EXPERIENCE

- The firm must be registered in the State of Texas

FIRM NAME	OFFICE ADDRESS	TX REGISTRATION NO.

B. PROPOSED PROJECT TEAM AND TEAM MEMBER EXPERIENCE (40 Points)

Provide Organizational Chart in the space provided below showing the relationships between the team members. Provide team member resumes showing their role, capacity, and involvement in this project, including their experience, education, registration, certifications, and catalog of representative or relevant projects. It is in the best interest of a prospective firm to use the submittal to provide a clear and detailed explanation of how the consultant is the best qualified and fit team for the project. The Selection Committee shall evaluate and rate Project Team and team members based on completeness of the team, qualifications, experience, and availability.

In the space below, please provide the team organizational chart. Provide state registration, if applicable.

(Use this form as needed to provide Qualifications of all Team Members)

C. PAST PROJECT EXPERIENCE (20 Points)

All firms shall submit four (4) past project experiences in the past 10 years designed and/or built of similar size and type. The list shall include project name, name of owner, project location, reference name with current contact information including telephone number and e-mail address, original construction cost, final construction cost, original completion date, actual completion date, brief explanation for delays, change orders, name of project team member involved on the project and their role. Each project experience can acquire a maximum of 5 points. The Selection Committee will evaluate and rate each Past Project Experience based on similarity of project scope, complexity of the project, and role of team member on the project. *(Use the forms on next page for Past Project Experience)*
