Ivan Hernandez, Utility Engineering Division Manager, provided a presentation to the Board regarding this item (copy on file in Central Files.) In response to RFQ 44-25, El Paso Water (EPWater) solicited Statements of Qualifications from engineering firms for on-call professional engineering services at EPWater’s wastewater treatment plants. These services will support planning, design, analysis, and construction-related tasks across multiple treatment plant sites. The scope includes but is not limited to:

Process/mechanical equipment design and procurement
Structural, electrical, and instrumentation upgrades
Civil improvements including yard piping and landscaping
Hydraulic and computational fluid dynamics (CFD) modeling
Odor control, sludge dewatering and handling improvements

Water quality analysis, permitting, and security enhancements
Construction management and plant operations assistance

These contracts are intended to provide flexibility and rapid response for wastewater projects identified in the Capital Improvement Program and those to be identified throughout the year.

Each contract will be valid for a three-year term, with individual task orders issued as needed. The maximum value per contract is \$1,500,000, with no guarantee of total amount spent. Mr. Hernandez answered questions from the board on this item.

On a motion made by Mr. Intebi, seconded by Mr. Gaddy, and unanimously carried, the Board approved an amendment to the Construction Manager At-Risk (CMAR) construction contract with PCL/Sundt, a joint venture, for the Pure Water Center project and accepted Guaranteed Maximum Price No. 6(GMP 6) in the amount of \$62,869,367.

11. CONSIDERED AND APPROVED AN AMENDMENT TO THE CONSTRUCTION MANAGER AT-RISK (CMAR) CONSTRUCTION CONTRACT WITH PCL/SUNDT, A JOINT VENTURE, FOR THE ROBERTO R. BUSTAMANTE WASTEWATER TREATMENT PLANT EXPANSION AND IMPROVEMENTS PROJECT AND ACCEPTED THE GUARANTEED MAXIMUM PRICE NUMBER 8 (GMP 8) IN THE AMOUNT OF \$122,444,881.

Ivan Hernandez, Utility Engineering Division Manager, provided a presentation to the Board regarding this item (copy on file in Central Files.) Bustamante Plant was designed for a treatment flow capacity of 39 MGD in 1991. A study conducted in 2019 revealed that the organic treatment capacity of the plant has been reduced to 30 MGD, due to increased strength of the wastewater. Further, the Texas Commission on Environmental Quality (TCEQ) requires planning an expansion of the wastewater treatment plant once 75% of the plant's flow capacity is exceeded for three consecutive months. In addition to the lower treatment capacity, the Bustamante Plant is also at 75% of the permitted flow capacity due to growth in east El Paso, requiring EPWater to expand the plant to an increased capacity of 51 MGD.

The project is divided into two phases. Phase 1 involves the construction of a new 21.4 MGD treatment train, with an estimated cost of \$585 million. Phase 2 includes the rehabilitation of the existing 39 MGD infrastructure to restore 9 MGD of treatment capacity, with a current estimated cost of \$200 million. Upon completion of both phases, the Bustamante Plant will have gained a total of 30.4 MGD in treatment capacity. This agenda item requests approval of the GMP 8 work package for Phase 1. The scope of this package includes Bid Package No. 7 Various Subtrades, Bid Package 8 Process Equipment, Bid Package 9 Process Mechanical Supply and Install, Bid Package 10 Miscellaneous Metals and Structural Steel Supply and Install, and Bid Package 11 Concrete Package #2. Mr. Hernandez answered questions from the board on this item.

On a motion made by Mr. Intebi, seconded by Mayor Johnson, and unanimously carried, the Board approved an amendment to the Construction Manager At-Risk construction contract with PCL/Sundt, a joint venture, for the Roberto R. Bustamante Wastewater Treatment Plant Expansion and Improvements project and accepted the Guaranteed Maximum Price Number 8 (GMP 8) in the amount of \$122,444,881.

12. CONSIDERED AND APPROVED SCHEDULE FOR SELECTION OF PSB MEMBER IN THE AREA OF CONSUMER OR CITIZEN ADVOCACY.
