

**PUBLIC SERVICE BOARD MEETING
AGENDA ITEM
REGULAR MEETING**

Wednesday, August 12, 2026

SUBJECT

Rejection of the proposal received for Esperanza Water Works Electrical Improvements - CSP24-26.

BACKGROUND

EPWater has capital improvement project for Esperanza Water Works Electrical Improvements to install reverse osmosis, and well site new electrical service, metering disconnects, transfer switches, generators, panels, docking stations. The project also includes extending power from the well site to a nearby above ground storage tank for lighting and instrumentation power. Electrical improvements will include low voltage wiring in duct bank systems through pull boxes, cable testing, trenching and backfill.
