

**PUBLIC SERVICE BOARD MEETING
AGENDA ITEM
REGULAR MEETING
Wednesday, September 9, 2026**

SUBJECT

Consider and approve a sole source contract with TGO Technologies Inc (TGO) for chlorine containment systems.

BACKGROUND

TGO containment systems are used at wastewater and water facilities for chlorine storage and feed operations. The systems enclose chlorine cylinders or one-ton chlorine containers within a secondary pressure vessel while allowing the containers to remain connected during normal operation.

The proposed sole source contract will provide TGO containment equipment, associated components, replacement parts, maintenance services, and technical support for use at designated wastewater and water facilities. The contract will support the continued safe operation of chlorine-feed systems and help reduce the risk of accidental chlorine release. Containment is essential to continue protecting the health and safety of employees and the public.

PRIOR PSB ACTION

- None

UTILITY KPI ALIGNMENT

Infrastructure Performance

EVALUATION PROCESS

Staff evaluated the operational and safety requirements for chlorine storage and feed systems used at wastewater and water facilities. TGO is the manufacturer and sole source provider of ChlorTainer containment systems, associated components, replacement parts, maintenance services, and technical support.

Staff determined that continuing to use ChlorTainer equipment will maintain compatibility with existing systems and support consistent operation, maintenance, and employee training. The proposed sole source contract will allow Wastewater and Water divisions to obtain the equipment, parts, and services needed to maintain chlorine containment systems throughout the contract term.

FINANCIAL IMPLICATIONS

This expenditure is in the approved budget.

PROPOSED ACTION REQUESTED

Consider and approve a sole source agreement with TGO Technologies Inc pursuant to Section 252.022(a)(7)(A) and (D) of the Texas Local Government Code for chlorine containment systems, associated equipment, replacement parts, maintenance services, and technical support in the estimated annual amount of \$2,000,000 for a term of one year with four one-year options to extend contingent upon TGO Technologies Inc providing annual documentation attesting to their sole source status.

SUPPORTING DOCUMENTATION PROVIDED

- Sole source affidavit
- Sole source letter

SOLE SOURCE AFFIDAVIT

Before me, the undersigned official, on this day, personally appeared a person known to me to be the person whose signature appears below, whom after being duly sworn upon his/her oath deposed and said:

1. My name is Carol Caparros. I am over the age of 18, have never been of a convicted crime and am competent to make this affidavit.
2. I am an authorized representative of the following company or firm: TGO Technologies, Inc.
3. The above named company or firm is the sole source for the following item(s), product(s) or service(s):
ChlorTainer safety equipment.
4. Competition in providing the above named item(s) product(s), service(s) is precluded by the existence of a patent, copyright, secret process or monopoly as stated under Section 252.022, Subchapter A of the Local Governmental Code 7A or as provided for under 7B-F of the same section. Also, attached hereto is a sole source letter, which sets forth the reasons why this Vendor is a sole source provider (dated and signed).
5. There is/are no other like item(s) or product(s) available for purchase that would serve the same purpose or function.
6. Note: This Vendor understands that by providing false information on this Sole Source Affidavit, it may be considered a non-responsible Vendor on this and future purchases and may result in discontinuation of any/all business with the El Paso Public Utilities-Public Service Board.

Subject: **Sole Source for Secondary Containment Vessel and System for Containing and Processing Chlorine Gas from 1-ton 150-lb. Chlorine Cylinders**

Thank you for your recent inquiry concerning the TGO Technologies' containment vessel system designed for containing and processing chlorine gas from one-ton and 150-lb. chlorine cylinders, "ChlorTainer®."

TGO has its equipment manufactured by N. J. McCutchen, Inc., Stockton, California, and Johansing Iron Works in Benicia, California.

This patented system is proprietary and exclusive to TGO Technologies, Inc. There are no other manufacturers of this equipment. To our knowledge there is no known competitive product.

Please let me know if I can be of any additional assistance.

Thank you,

Carol Caparros
